

• **Title: The Right - To Keep and Bear Arms**

The Problem:

Our Federal and State Constitution giving us the **Right** "To Keep and Bear Arms" is now being questioned. It has been stated that our founding fathers, of this country, made a mistake in drafting this *one* constitutional right. What do we say to the *millions* of men and women who have fought in supporting and protecting these rights? That they had or are making a mistake?

BE IT RESOLVED, that the Conservation Congress at its annual meeting held in Oneida County on April 8, 2013, recommends that the Conservation Congress through the committee systems inform the Federal and State Government that the **Right "To Keep and Bear Arms"** is not primarily for taking of game. That a question(s) be created by committee(s) and placed on the following 2014 Spring Questionnaire asking the public to confirm our Liberty and Inalienable Rights of the 2nd amendment "..... , **The Right of the People to Keep and Bear Arms, Shall Not be Infringed.**"
